Search Warrant is under seal (it cannot be released).
Updated the statement slightly to remind people that this report was sold as well as leaked.
DS 0511/19

The search warrant executed Friday was granted by a judge and conducted as part of a criminal investigation into the illegal release of the confidential Adachi police report and

subsequent sale to members of the media. The citizens and leaders of the City of San Francisco have demanded a complete and thorough investigation into this leak, and this action represents a step in the process of investigating a potential case of obstruction of justice along with the illegal distribution of confidential police material. We are committed to maintaining the public's trust, investigating any allegations of misconduct and holding those responsible for such acts accountable.
